Prepare Classrooms for **emergencies**, field trips and anytime classes are “on the go.”

Help Classrooms Be Prepared At All Times

The response of administrators and teachers in an emergency is critical to the safety of our students. However, teachers need a collection of readily accessible supplies for both emergency and non-emergency situations.

The “Go-Kit” Concept is recommended by school safety advocates to support the classroom preparedness phase of an emergency management plan.

- **Compliance** - Supports emergency preparedness plans.
- **Versatile** - Supplies for emergency & non-emergency applications.
- **Proven** - Used in schools across the country.
- **Affordable** - Can be purchased for each classroom.

Prepare for:

- Emergency Lockdowns
- School Evacuations
- Field Trips
- Recess & Outdoor Activities

More complete than a first aid kit, and **more transportable** than “bucket kits”, our backpack Go-Kit is affordably priced and represents the **best value** for overall classroom preparedness. **See a comparison chart on reverse.** Additionally, kit contents may be customized to help meet school needs and budgets, and custom imprints are available on the back pack.

What Customers Are Saying...

- *The supplies support the goals of our emergency preparedness training. (PA)*
- *We require the kits accompany teachers anytime the class is out of the building. (VA)*
- *Our goal is to have one in every classroom. (TX)*

GO-Kits

by Edu-Care Services

Designed for emergencies, field trips and anytime your class is "on the go."

Classroom Go-Kit Highlights & Uses:

Lockdown Magnet for Door Jamb

Keep doors locked without students being locked out.

* Powerful * Extremely Durable * Unique

In a lock-down situation simply remove the magnet and close the door. Don't waste time looking for keys or risk standing in the hallway to lock doors. Works on both metal and wood doors with metal strike plates.

Conveniently Transportable

Under seven pounds, our sturdy, comfortable backpack with back straps, carry handle and extra front pocket is more convenient and versatile than bucket kits.

Versatile, Expandable & Customizable

Versatile - Items can be used in creative ways to address many emergency needs. For example use Plastic Bags and Duct Tape for:

- Emergency Toilet Facilities
- Temporary Privacy Curtains
- Rain Ponchos
- Ground Cover
- Covers for Air Vents / Windows

Expandable & Customizable - Customize kit contents for specific needs. Backpack imprint can be customized for identification.

Teacher & Student Support

- **Protect Students**
 - First Aid Kit, Latex-Free Gloves, Hand Sanitizer.
 - Emergency Water for washing wounds/taking medicine.
 - 12-hour Glow Stick for emergency light source.
- **Protect teachers** with a fluorescent Safety/Identity Vest, Rain Poncho and Dust Mask
- **Prepare Teachers** with emergency information at the ready by adding the school's emergency plan, student roster with special needs and emergency contact information, and a spare set of car keys if unable to return to the classroom. Additionally, include time passers for students like cards, crayons, games, etc.
